Discover the newest landmark in North America's most dazzling city. Twenty-nine spectacular glass-wrapped storeys, windows angled to catch the sunset. Superbly sited to capture breath-taking views of the mountains, water and False Creek, Phase I of Pacific Place Landmark...

Discover the newest landmark in North America's most dazzling city. Twenty-nine spectacular glass-wrapped storeys, windows angled to catch the sunset. Superbly sited to capture breath-taking views of the mountains, water and False Creek. Phase I of Pacific Place Landmark...

The downtown business core, shopping, fine restaurants and theatres, everything is just minutes away. By contrast, Pacific Place Landmark - Phase I provides an oasis of peace and privacy. A formal

motor court — a convenient drop-off point — encircles the impressive front entrance. A trellised arcade frames lush landscaping, a lawn, walkways and glittering, multi-level cascades. Exceptional care was given to selecting the artist whose specially commissioned work stands at the heart of the motor court. John Richen is an internationally renowned American sculptor whose works in steel and bronze are displayed throughout North America.

Every aspect of Pacific Place Landmark - Phase I spells elegance and good living. The gracious porte cochere that greets you and your guests. The distinctive lobby. Above all, the spectacularly beautiful views and lavish impression of light and space revealed as you open your door. In almost all rooms, floor-to-ceiling windows offer dramatic wall-to-wall panoramas of city lights, the pleasure boats of False Creek or the North Shore mountains.

Tower entry and night elevator access controlled by technologically advanced entry card system.

Thoughtful design is evident throughout. From the spacious, light and airy solarium to the quality crafted cabinetry, the utmost care has been taken in every detail. Two-level penthouses offer the ultimate in luxury with extensive roof terraces that take superb advantage of the surrounding vistas.

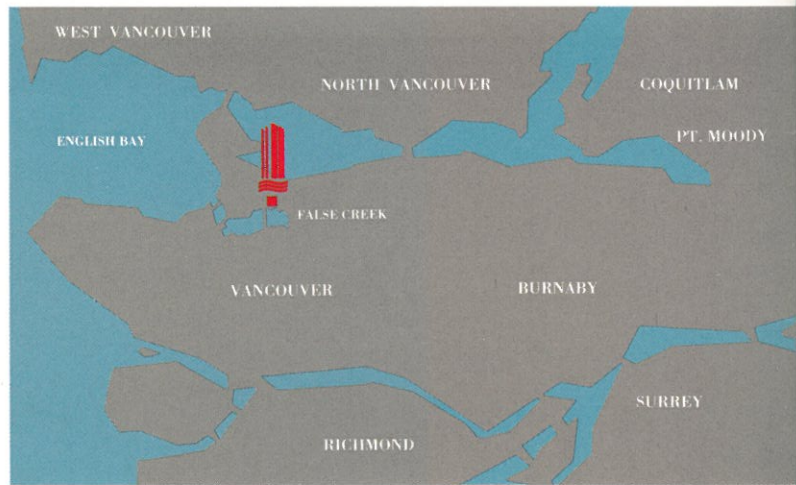

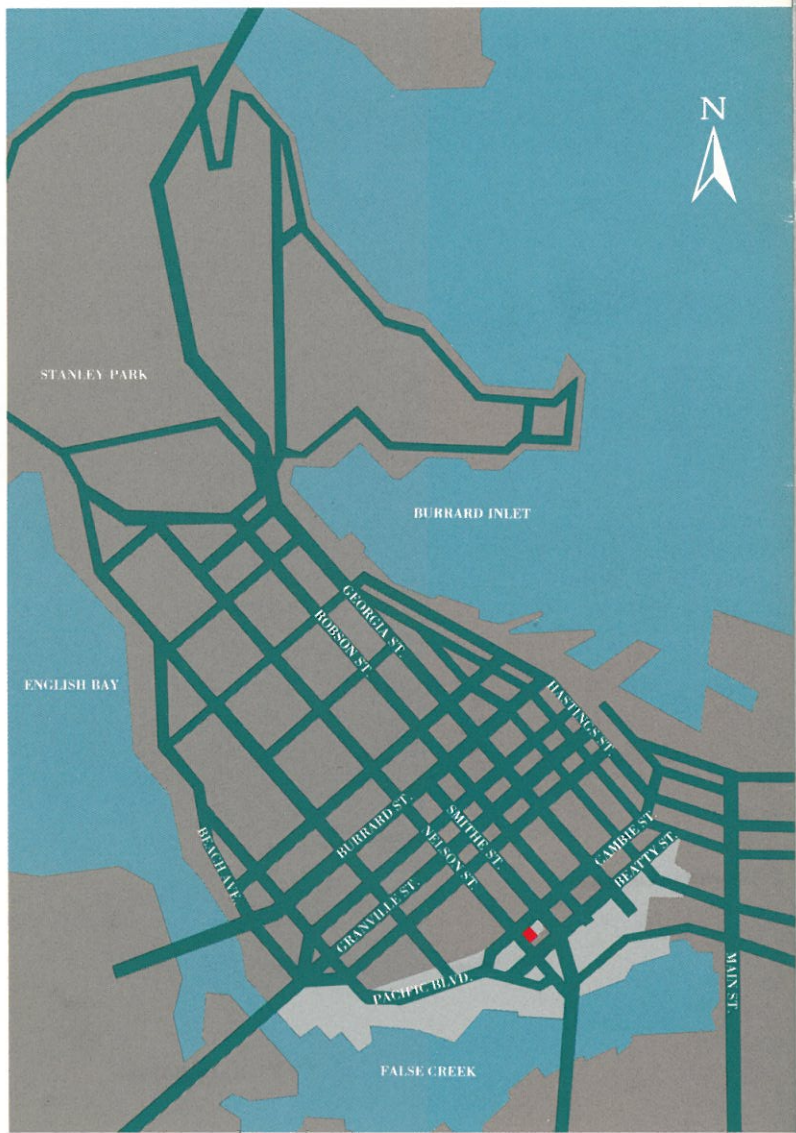

There's a leisurely side to life at Pacific Place Landmark - Phase I. Admire the view — or the sunset — from the private open roofdeck. Swim in the airy lap pool. Work out in the exercise room, then relax in the whirlpool. Nearby are Granville Island and English Bay beaches. Out-

door sports activities are just as close. Year 'round you can enjoy sailing in False Creek, cycling in Stanley Park or jogging on waterfront walkways. Above all, Pacific Place Landmark offers peace of mind. Tower entry and night elevator access controlled by technologically advanced entry card

system, video intercom entry linked directly to your own TV and secured underground parking all signify the special care taken in selecting a security system. In-suite smoke detector and individual sprinkler system set safety concerns at rest. Planned for privacy, designed for superb city living... this is Phase I of Pacific Place Landmark.

Live at Pacific Place
 Landmark - Phase I
 and every amenity is
 on your doorstep from
 business to recreation.
 Conveniently close
 too are Vancouver
 International Airport,
 the North Shore and
 the University of
 British Columbia.

Pacific Place includes the former Expo site and forms part of the Pacific Place Community Development.
